Executive Director

July 24, 2001

To whom it may concern;

This is an excellent time for any business to join the Long Island City business community, which is now benefiting from upzoning and several major projects. Kevin Fogel, President of Alkeda Corporation, is a well-known and well-respected member of this community.

He has been extensively involved in the affairs of our organization during his eight years as a member. The last two years, Mr. Fogel has served on our Board of Directors, as well as on our Planning and Area Development Committee. He has represented LICBDC at City Council hearings and at other civic functions.

His concern for the well being of his tenants and neighborhood is well known. Please feel free to call myself or Dan Miner, Director of Business Services, at 718.786.5300 if we can be of any further assistance.

Sincerely,

  
Gayle Baron
